### HIGHLIGHTS OF EXPERIENCE

Mr. Scott Bosworth offers 20 years of government and public affairs experience to Fort Hill Infrastructures' clients and partners. Having enjoyed a long career working within and with the government on the federal, state and local levels, Scott has proven to be very adept at leading clients through the ever-changing maze of government, thereby producing desired results.

Since 1997 Scott has run three full service government affairs firms based out of Boston offering public and local affairs, legislative and congressional representation and executive branch advocacy. Prior to 1997 he served for five years as Assistant Secretary of Transportation for the Commonwealth of MA and for four years in the U.S. House of Representatives as Legislative Director for Transportation and Infrastructure Chair Bud Shuster.

Scott offers our clients a wide range of advisory and advocacy services including public and private funding strategies, permit streamlining, project support advocacy and public affairs services.

### ACCOMPLISHMENTS AND CAREER HIGHLIGHTS

Provided the City of New Orleans with strategic and dynamic representation in Washington DC before and after Hurricane Katrina. Developed and administered a successful capitol improvement plan to attract federal assistance for infrastructure improvements throughout the city. Organized the effort to win approval for the City's transportation and infrastructure Recovery Plan.

Managed the successful public and political information campaign to win designation for a National Emerging Infectious Disease Laboratory in Boston. Organized the public outreach and lobbying efforts of the proponents, the city, state and private sector entities.

Designed and implemented a strategic public relations campaign to build awareness in the severity and implications of the neglect of the water and sewer system in Atlanta, Georgia. Led Mayor Shirley Franklin's government affairs program designed to attract federal commitments and funding for this \$3 billion project.

Administer the Commonwealth of Massachusetts' efforts to secure federal funding and commitments for transportation and infrastructure investments.

Proudly created and directed public affairs programs for entities such as; Coca Cola, Target, Boston University, Siemens, IBM, NStar, SAS Institute, Elderhostel, Kopin Corporation, Sacramento Area Flood control, Boston College, New England Conservatory of Music, The Mills Corporation, CB Richard Ellis, Montgomery Watson, DMJM/AECOM, American Semiconductor, and others.

Developed, organized and administered a successful community-wide effort to reverse a decision by the Base Closure and Realignment Commission to close Letterkenny Army Depot in Chambersburg, Pennsylvania. Ultimately this campaign led to a net increase of 1,500 jobs for central Pennsylvania
